ProGold Series

HISCO ProGold series of tools combine features of high quality steel blades and solid shank blades with a super strong thick-walled pultruded fiberglass handle with a solid wood core throughout. Our 500 Series feature a solid fiberglass handle. The HISCO ProGold yellow Zink coated steel sleeve fits over the neck of the blade extending the natural stress point of the shovel providing unparalleled handle and head-to-handle strength. Our ProGold steel sleeve also protects the handle from abrasion.
